Plastic Water and Soft Drink Bottle Bylaw

Section 1: Findings and Purpose Water and soda bottles made of plastic are hazardous to health, economy and the environment. The purpose of this by-law is to restrict the sale and distribution of such bottles. For example:

1. Plastic bottle waste is overwhelming society's ability to manage it. Americans discard an estimated 30 million tons of plastic annually, with only 8 percent recycled.
2. Chemical components of plastic are detected in biological systems, including human beings. Exposure comes through food, water, and clothing and has been associated with a range of health effects.
3. More than 8 million tons of plastic flows into our oceans annually, impacting wildlife and breaking down into smaller pieces, called micro-plastics.
4. Micro-plastics are found in the fish and shellfish we eat and in the bottled water we drink
5. Action is occurring worldwide to address this problem. Regionally, Nantucket and several MA towns have banned plastic water bottles.
6. Action on Martha's Vineyard includes placement of water bottle refill stations in every school and in public places. More are planned.
7. This Island community has an opportunity to provide leadership to reduce reliance on plastic. It is the right thing to do for the sake of our food, our water, our health and our planet.

Section 2: Required Conduct 2.1 It shall be unlawful to sell or distribute (a) non-carbonated, unflavored water, and (b) soft drinks in plastic (including polyethylene terephthalate – PET) bottles of less than 34 ounces in the Town of Aquinnah. For the purposes of this by-law, "soft drink" means any beverage containing carbonated water, a sweetener (including fruit juice)

and/or flavoring. 2.2 Sales or distribution of drinking water in plastic bottles occurring subsequent to a declaration (by the Emergency Management Director other duly authorized Town, County, commonwealth or Federal official) of an emergency affecting the availability and/or quality of drinking water to resident of the Town shall be exempt from this bylaw until seven days after the declaration has ended. 3.1 Enforcement of this bylaw shall be the responsibility of the Board of Selectmen or its designee(s). The board of Selectmen shall determine the inspection process and shall incorporate the process into other Town duties as appropriate. 3.2 Any person, individually or by his servant or agent, who violates any provision of this bylaw may be penalized by a non-criminal disposition pursuant to G.L. Chapter 40, Section 21D. The following penalties apply:

- First Violation: Written warning
- Second Violation: Fifty Dollar (\$50.00) fine
- Third & Subsequent Violations: One Hundred Dollar (\$100.00) fine

Each day the violation occurs constitutes a separate violation.

Section 4. Suspension of the By-law If the Board of Selectmen determine that the cost of implementing and enforcing this bylaw has become unreasonable, the Board of Selectmen shall conduct a Public Hearing to inform the citizens of such costs. Subsequent to the Public Hearing the may continue this by law in force or may suspend it permanently or for such length of time s they may determine.

If the Housing Bank is reduced to fewer than three (3) member towns, the Housing bank shall be dissolved. Upon dissolution of the Housing Bank title to all funds and other properties held by the Hosing Bank shall vest in the towns of the Island of Martha's Vineyard as herein provided after provision is made for payment of all bonds, notes and other obligation of the Housing Bank.

ARTICLE FORTY-THREE

To see if the Town will vote to authorize the Board of Selectmen to petition the General Court for a Special Act substantially in the form set forth below, provided that the General Court may make clerical or editorial amendments to the form of said proposed Special Act, and provided further that the Selectmen shall have the authority to approve and accept any such amendments that shall be within the scope of the objectives of this petition:

An Act providing funding for the Martha's Vineyard Housing Bank,

Chapter ____ of the Acts of ____.

Section 1: The of Aquinnah has elected to impose a local excise tax upon the transfer of occupancy of a room in a short-term rental, as authorized by Section 3A of Chapter 64G of the general Laws and as further set forth in Section 6 of Chapter 337 of the 2018 Acts of Massachusetts. The Town has elected to impose said tax at the rate of four (4%) percent of the total amount of rent for each such occupancy.

Section 2: The Martha's Vineyard Housing Bank is a body politic, and corporate, established under Chapter ____, of the Acts of 20___. Said Housing Bank is established under said Act for the sole purpose of the preservation and creation of year-round housing on the Island of Martha's Vineyard, in the County of Dukes County, as may be further defined in such Act and the

regulations promulgated thereunder. Under Section 4B of said Act, the Town is empowered to appropriate funds for the benefit of said Housing Bank.

Section 3: Fifty percent (50%) of the total amount of tax collected by the Town of Aquinnah under G.L. c. 64, as aforesaid, shall be appropriated and transferred to the Martha's Vineyard Housing Bank, such funds to be restricted for use by the Housing Bank for the preservation and creation of year-round housing on the island of Martha's Vineyard.

Section 4: this Act shall take effect upon both the effectiveness of the Town's election under G.L. c. 64G as aforesaid and the passage of the aforementioned Act creating the Martha's Vineyard Housing Bank.

ARTICLE FORTY-FOUR

To see if the Town will vote to authorize the control, management and development of a certain parcel of Town-owned land, located on State Road identified as Map 9 Lot 153, by the Aquinnah Housing Committee as agents for the Board of Selectmen, for the purpose of affordable housing, or take any other action relative thereto.

ARTICLE FORTY-FIVE

To see if the Town will vote to amend various provisions of the Aquinnah Zoning Bylaw, as follows. The purpose of the amendments is to make the approval process easier and quicker for landowners.

- 1) Delete Section 6.4-3 Zoning Determinations (Added 5/10/2011) because it should have been deleted when replaced by Section 13.14-1 Zoning Determinations (Added 5/8/12).
- 2) Delete Section 6.7 Zoning Administrator because it will be replaced by a new provision, Section 13.14-2 Zoning Administrator below.
- 3) *Make the following changes to Section 13.14-1 Zoning Determinations to increase the number of projects that can be approved by a Zoning Determination and without the need for a Special Permit:*

A. Amend Section 13.14-1A to read:

To simplify the implementation of the Aquinnah Zoning Bylaws and speed up the approval process for projects that have no negative impact on the resources these By-Laws seek to protect, the Planning Board Plan Review Committee may determine that certain small developments, or certain parts of larger projects, can be approved by issuing a Zoning Determination rather than requiring the applicant to apply for a Special Permit. Zoning Determination can be used to approve projects in all of the town's DCPCs, with some limitations outlined below. Issuance of a Zoning Determination shall be made after site review at a public meeting only if a super majority of the Planning Board Plan Review Committee determines that the proposed project: 1.) has no negative impact on the resources the applicable Bylaws protect; 2.) meets all goals, rules and regulations, and is within the guidelines of, the Districts of Critical Planning Concern in which the project is located; and 3) does not appear to be detrimental to the interests of abutters.

B. Amend Section 13.14-1B to read:

A Zoning Determination cannot be used to approve: a new single-family residence; new structures that will be visible in open and or highly visible areas; or accessory structures or additions, including decks, with a footprint greater than 170 square feet. Examples of projects that might qualify for a zoning determination, as set forth in this section, include: a small addition to a house or the siting of a shed in an area that is not highly visible; the extension of a deck or the addition of an outdoor shower; or the siting of generators or ground mounted

solar panels. Zoning Determinations may also be used to determine whether a site is open and or highly visible and to allow perc tests in the presence of a qualified archaeological observer instead of submission of a Project Notification Form to Mass Historic.

C. Amend the third line of Section 13.14-1C by replacing the words *with a copy to* with the words *with copies to the Town Clerk and*.

D. Amend the last line of Section 13.14-1C by replacing the words *this District of Critical Planning Concern* with the words *the Districts of Critical Planning Concern in which the projects fall*.

E. Add a second paragraph to Section 13.14-1C stating:

If a Zoning Determination is used to permit a perc test, well or other small excavation in the presence of a qualified archaeological observer, as soon as the excavation is complete the engineer or person in charge will complete, sign and file an Archeological Findings Form, which has also been signed by the qualified archeological observer, with the Planning Board Plan Review Committee. The Committee will send copies via e-mail to Mass Historic and the Wampanoag Tribe of Gay Head Aquinnah. The Archeological Findings Form can be obtained at the Town Hall, which form requires i) identification of the exact location(s) of the excavation(s), ii) documentation of the nature of the soils, and iii) recital of any archeological resources or other findings that may be of interest to the Committee, Tribe or State Archeologist that were found during the excavation.

4) *Speed up the approval process for many projects by creating a Zoning Administrator position that the Committee can delegate some of its responsibilities to by adding a new Section 13.14-2 to read:*

Section 13.14-2 Zoning Administrator

A. **Appointment and qualifications.** The Planning Board Plan Review Committee (PBPRC) may appoint a Zoning Administrator to serve at its pleasure, subject to confirmation by the Board of Selectmen. The PBPRC may delegate to said Zoning Administrator, by a vote of 5 of its 7 members, some of its powers and duties. The PBPRC may also appoint, on its own, and delegate powers and duties in the above manner, an Alternate Zoning Administrator whose purpose is to act when the Zoning Administrator has a conflict of interest or is unavailable for an extended period of time.

B. **Term of service and manner of delegation.**

1. The PBPRC may, by a majority vote of its regular members, terminate the services of a particular appointee at any time.
2. The PBPRC shall determine, and may amend from time to time, the list of powers and duties it elects to delegate to the Zoning Administrator. The PBPRC shall publish a list of the specific powers and duties that it has delegated to the Zoning Administrator by posting at Town Hall and by listing on the PBPRC website, along with their office hours or availability, contact info and an application form with complete instructions.

C. **Scope of authority and approval requirements.**

1. The scope of authority delegated shall not exceed that explicitly authorized by vote of Town Meeting.
2. The PBPRC may not delegate the following powers and duties:
 - A. To permit any development within two hundred (200) feet of wetlands, waterbodies, beaches, dunes or the crest of bluffs over 15 feet high in the Coastal District.
 - B. To permit any development in the Marine Commercial District.

- C. To permit any development in the Aquinnah Circle area which includes: the inner circle and the circle road, and the lands outside the circle starting at the Manning properties, the lighthouse and park, the land running from the park across to and including the outlook and shops, the Aquinnah Shop lot, the Land bank trail head, the Homestead property and the two town parking lots.
 - D. To permit new single family residences including tear downs, partial tear downs, reconstructions; extensions or additions greater than 170 square feet of footprint; Affordable Housing; Multi-Family Housing, Accessory Apartments; and Cluster Zoning.
 - E. To permit any development requiring action under the Subdivision Control Law or the Planning Board's Rules and Regulations Governing Subdivision Control.
3. The PBPRC may delegate its powers and duties to make Zoning Determinations for any or all of the projects provided for in Section 13.14-1A that meet the requirements of subsections 1, 2, and 3. Zoning Determinations issued under this provision must be made at a properly noticed public meeting, and a written decision must be filed with the Town Clerk within one week and posted at Town Hall and on the PBPRC website for 10 days following its filing with the Town Clerk. Site visits will be held at a mutually convenient time. The applicant is free to proceed with the work after the decision is filed and all other required permits are obtained.
 4. The PBPRC may delegate its powers and duties to make Zoning Determinations for any or all of the projects provided for in Section 13.14-1A that meet the requirements of subsections 1 and 2, but that may be detrimental to the interests of abutters and not meet requirement of subsection 3, if the following procedures are used. These Zoning Determinations may be approved by the Zoning Administrator only after a properly noticed public meeting for which written notice is sent by mail, return receipt requested with postage paid by the applicant, to parties in interest, at least 2 full weeks before the meeting. The written decision must be filed with the Town Clerk within one week and posted at Town Hall and on the PBPRC website during the 30-day appeal period and following its filing with the Town Clerk, as well as sent to parties of interest when filed with the Town Clerk. The applicant is free to proceed with the work at their own risk during the appeal period once all other required permits are obtained.
 5. The PBPRC may also delegate its powers and duties to approve modifications to Special Permits and the approved plans (as often happens during construction) if the modifications sought comply with all dimensional requirements of the Zoning Bylaw and are de minimis or not significant enough to require a fully noticed public hearing. The Zoning Administrator must make these decisions at a properly noticed public meeting, and the decision granting or denying the modification must be in writing in the form of a Special Permit decision and must be filed with the Town Clerk within one week and posted at Town Hall and on the PBPRC website for 10 days following filing with the Town Clerk. Site visits will be held at a mutually convenient time. The applicant and Building Inspector should receive copies of the decision when filed with the Clerk. The applicant is free to proceed with the work after the decision is filed and all other required permits are obtained and must file the modification decision at the Registry of Deeds.

6. The PBPRC may delegate the powers and duties to make other non-Special Permit decisions and determinations (e.g., post-completion conformance reviews, approval of signs) but should specify if or when these decisions must be done with notification to parties of interest.
7. The acting Zoning Administrator is not required to approve every project which comes before him/her for which powers and duties have been delegated. Zoning Administrators retain the discretion to defer acting on any application and to refer any project to the PBPRC for review.

D. Appeals from decisions and or failure to act.

Any person aggrieved by a decision of the Zoning Administrator, whether or not previously a party to the proceeding, or any municipal office or board, may appeal to the PBPRC, within thirty days after the decision of the Zoning Administrator has been filed with Town Clerk and simultaneously posted at Town Hall and on the PBPRC website. Any application filed with the Zoning Administrator that is not decided within thirty-five days from the date of filing shall be deemed denied but may be appealed within 30 days to PBPRC.

ARTICLE FORTY-SIX

To see if the Town will vote to amend Sections 2.9 and 13.7-2 of the Aquinnah Zoning Bylaws, to reduce the number of facilities requiring review by the Planning Board Plan Review Committee, as follows:

1. *Make roof mounted solar panels as of right and simplify approval of other solar and electric generators by incorporating Section 2.9 into the Aquinnah DCPC by adding an exact copy as 13.7-2 Electrical Generators, and then amending both Sections to read (both section numbers are shown here but only the correct one will show in their respective sections when published) :*

SECTION 2.9 and 13.7-2 ELECTRICAL GENERATORS

2.9-1 and 13.7-2. All devices that generate electricity, whether by wind, solar, water, fossil or bio fuel or other means that are to be permanently installed on land, in water or on the exterior of a structure are treated as structures or exterior elements for the purposes of this Bylaw and must meet its setback, siting and design requirements so that the visibility and impact on neighbors of the device is minimized. These facilities must be approved by the Planning Board Plan Review Committee as follows:

- A. Roof mounted solar panels are allowed as of right as long as they are:
 1. Mounted flat on the roof, not raised above it,
 2. Do not extend beyond or appear from the ground to break the ridge line of the roof, and
 3. Black and don't have sides or dividers that, if visible, are white or light colored.

Roof mounted solar panels that don't meet these requirements are allowed by Zoning Determination.

- B. Large-scale ground-mounted solar photovoltaic installations are allowed as of right but must meet the requirements of Article 16.
- C. All other ground mounted solar arrays may be approved by a Zoning Determination if parties of interest are notified and the procedures outlined in Section 13.14-2C4 are followed.
- D. Fossil or Bio fuel powered generators installed to serve no more than a single residence and its accessory structures may be approved by a Zoning Determination if

parties of interest are notified and the procedures outlined in Section 13.14-2C4 are followed.

E. Other than the above, there shall be no permanent electrical generators in the Aquinnah DCPC except by Special permit from the Planning Board Plan Review Committee.

2.9-2 and 13.7-3 Portable generators may be used during construction, power outages and for temporary emergency use as of right.

2. *Extend the amount of time before a Special permit expires from 1 year to 2 (the legal maximum) by deleting Section 6.4-2 and amending the second sentence of Section 6.4-1 to read:*

A Special Permit granted under this Bylaw shall lapse two years from the granting thereof, excluding the time required to pursue or await the determination of an appeal under General Laws Chapter 40A, Section 17, if a substantial use thereof has not sooner commenced except for good cause or, in the case of permit for construction, if the construction has not begun by such date except for good cause.

(Requires 2/3 majority)

ARTICLE FORTY-SEVEN

To see if the Town will vote to amend the Zoning Bylaw in order to *clarify the meaning of "open/highly visible", as follows:*

- 1) In Section 13.4-1 B, where first used, and throughout the entire Aquinnah Zoning Bylaw, replace the phrase "open/highly visible" with the phrase "open and/or highly visible."
- 2) Add the following definition to Section 7.1:
HIGHLY VISIBLE AREA: An area of land characterized by large shrubs, trees or other vegetation, where a structure would be completely or partially visible from lands and waters open to the public, and be recognizable as a manmade structure and potentially disrupt, or distract and/or detract from, the beauty of the natural landscape, unless mitigated by controlling the siting, mass, height, amount of glazing, colors and materials of the structure or by screening it with vegetation to make it blend into, or otherwise eliminate or minimize its visual prominence in the natural view.

(Requires 2/3 majority)

ARTICLE FORTY-EIGHT

To see if the Town will vote to amend the Zoning Bylaw in order to *allow easier design and construction and increase the energy efficiency of new of homes, by increasing the as of right maximum height for houses that will not be visible to the public from 24' to 28', and to change Sections 13.4-3A2a and 3.6-1B1 to read:*

Twenty-eight (28) feet or two (2) stories, whichever is less, for a gable or hip roof. **(Requires 2/3 majority)**

ARTICLE FORTY-NINE

To see if the Town will vote to amend the Zoning Bylaws to make the following changes to the Moshup Trail DCPC to update it to allow new building materials and construction techniques:

- 1) *Replace Section 11.3-1B with the following to allow other building materials and construction techniques:*

B. Buildings shall be constructed of natural wood shingles with neutral trim color (refer to ARTICLE VII, Definitions). Structures that are visible to the public may, by Special Permit from the Planning Board Plan Review Committee (PBPRC), use other materials if they have essentially the same impact as natural wood shingles on minimizing the visual prominence of the structure. Structures and portions of structures that are never visible to the public at all may, by Special Permit from the PBPRC, use other materials that are less effective at minimizing the visual prominence of the structure. Structures that are never visible to the public at all may, by Special Permit from the PBPRC, use other construction techniques (e.g. Yurts) if they are permanent, and meet any and all other requirements of these Bylaws, the Building Inspector and the Board of Health.

2) *Replace Section 11.3-1C with the following to allow other roofing materials and construction techniques:*

B. Roofing materials shall be dark asphalt or cedar shingles with neutral trim color (refer to ARTICLE VII, Definitions). Structures that are visible to the public may, by Special Permit from the Planning Board Plan Review Committee (PBPRC), use other roofing materials if they have essentially the same impact as natural wood shingles on minimizing the visual prominence of the structure (e.g. dark metal, rubber, or green living roof on flat roofs). Structures and portions of structures that are never visible to the public at all may, by Special Permit from the PBPRC, use other roofing materials that are less effective at minimizing the visual prominence of the structure.

3) *Replace Section 11.3-1E with the following to allow other construction materials and techniques:*

C. Accessory structures and additions to pre-existing structures shall conform in materials, scale and proportion to the principal structure, except nonconforming materials and construction techniques may be used, by Special Permit from the Planning Board Plan Review Committee (PBPRC), if they meet the requirements for new construction (Items B. through D. above). In cases where pre-existing structures are not compatible with the requirements for new construction, accessory structures shall conform to the requirements for new construction (Items B. through D. above).

(Requires 2/3 majority)

ARTICLE FIFTY

To see if the Town will vote to amend the Zoning Bylaw to *renumber Section 13-14-2 Site Review, to 13.14-3 and to address existing typographical errors, to rearrange its segments so it correctly reads as follows:*

Site Reviews shall be conducted by the Planning Board Plan Review Committee. The Planning Board Plan Review Committee will receive applications for Special Permits within the Town and its DCPC's. The committee shall review the applications and may make site visits to determine if the application conforms to the District regulations and to suggest guidance for development. Special Permits will be granted only for proposals determined by the Planning Board Plan Review Committee to be consistent with the purposes of the Bylaw as stated in Article I and taking into consideration the special characteristics of the District.

(Requires 2/3 majority)

ARTICLE FIFTY-ONE

To see if the Town will vote to amend the Town of Aquinnah's General By-Laws by inserting Section XXVII, entitled "Stretch Code By-law", for the purposes of regulating the design and construction of buildings for the effective use of energy, pursuant to Appendix 115.AA of the Massachusetts Building Code, 780 CMR, the Stretch Code, including future editions, amendments or modifications thereto. A copy of the proposed By-law can be reviewed in the office of the Town Clerk.

1. Add the following new Article XVI:

ARTICLE XVI: LARGE-SCALE GROUND-MOUNTED SOLAR PHOTOVOLTAIC INSTALLATIONS

SECTION 16.1 PURPOSE

The purpose of this Article is to promote the creation of new large-scale ground-mounted solar photovoltaic installations by providing standards for the placement, design, construction, operation, monitoring, modification, and removal of such installations that address public safety, minimize impacts on scenic, natural, and historic resources, and provide adequate financial assurance for the eventual decommissioning of such installations.

SECTION 16.2 APPLICABILITY

This Article applies to large-scale ground-mounted solar photovoltaic installations proposed to be constructed after the effective date of this section. This Article also pertains to physical modifications that materially alter the type, configuration, or size of these installations or related equipment.

SECTION 16.3 DESIGNATED AREA

The area within which large-scale ground-mounted solar photovoltaic installations may be sited as-of-right is designated as follows: Town of Aquinnah, Map 8, Lot 31.

SECTION 16.4 GENERAL REQUIREMENTS FOR ALL LARGE-SCALE GROUND-MOUNTED SOLAR PHOTOVOLTAIC INSTALLATIONS

The following requirements are common to all large-scale ground-mounted solar photovoltaic installations to be sited in the Designated Area:

16.4-1 Compliance with Laws, Ordinances, and Regulations

The construction and operation of all large-scale ground-mounted solar photovoltaic installations shall be consistent with all applicable local, state, and federal requirements, including but not limited to all applicable safety, construction, electrical, and communications requirements. All buildings and fixtures forming part of a solar photovoltaic installation shall be constructed in accordance with the State Building Code.

16.4-2 Building Permit and Building Inspection

No large-scale ground-mounted solar photovoltaic installation shall be constructed, installed, or modified as provided in this section without first obtaining a building permit.

16.4-3 Fees

The application for a building permit for a large-scale ground-mounted solar photovoltaic installation must be accompanied by the fee required for a building permit.

16.4-4 Site Plan Review

Large-scale ground-mounted solar photovoltaic installations shall undergo Site Plan Review by the Planning Board Plan Review Committee prior to construction, installation, or modification as provided herein.

16.4-5 Required Documents

All plans and maps shall be prepared, stamped, and signed by a professional engineer licensed to practice in Massachusetts. Pursuant to the Site Plan Review process, the project proponent shall provide the following documents:

A. A Site Plan showing:

1. Property lines and physical features, including roads, for the project site;
2. Proposed changes to the landscape of the site, grading, vegetation clearing and planting, exterior lighting, and vegetative or other screening of structures;
3. Blueprints or drawings of the solar photovoltaic installation signed by a professional engineer licensed to practice in Massachusetts showing the proposed layout of the system and any potential shading from nearby structures;
4. One- or three-line electrical diagram detailing the solar photovoltaic installation, associated components, and electrical interconnection methods, with all National Electrical Code compliant disconnects and over current devices;
5. Documentation of the major system components to be used, including the PV panels, mounting system, and inverter;

D. Zoning district designation for the parcel(s) of land comprising the project site (submission of a copy of a zoning map with the parcel(s) identified is suitable for this purpose).

E. Proof of liability insurance.

F. A public outreach plan, including a project development timeline, which indicates how the project proponent will meet the required site plan review notification procedures and otherwise inform abutters and the community.

The Planning Board Plan Review Committee may waive documentary requirements as it deems appropriate.

16.4-6 Utility Notification and Approval

No large-scale ground-mounted solar photovoltaic installation shall be constructed until evidence has been given to the Planning Board Plan Review Committee that the utility company that operates the electrical grid where the installation is to be located has been informed of and approves of the solar photovoltaic installation owner or operator's intent to install an interconnected customer-owned generator.

16.4-7 Expedited Permitting

As-of-right large-scale ground-mounted solar photovoltaic installations shall be subject to an expedited permitting process. All relevant Town approvals shall be issued within one year of submission of a completed application.

16.4-8 Dimensional and Density Requirements

A. Setbacks. A large-scale ground-mounted solar photovoltaic installation, including all equipment comprising the system, shall be set back a minimum of 50 feet from each boundary line of the lot on which the installation is located.

B. Appurtenant Structures. All appurtenant structures to large-scale ground-mounted solar photovoltaic installations shall be subject to reasonable regulations concerning the bulk and height of structures, lot area, setbacks, open space, parking, and building coverage requirements. All such appurtenant structures, including but not limited to equipment shelters, storage facilities, transformers, and substations, shall be architecturally compatible with each other. Whenever reasonable, structures should be shaded from view by vegetation or other means and/or joined or clustered to avoid adverse visual impacts.

16.4-9 Design Standards

A. Lighting. Lighting of large-scale ground-mounted solar photovoltaic installations shall be consistent with local, state, and federal law. Lighting of other parts of the installation, such as appurtenant structures, shall be limited to that required for safety and operational purposes, and shall be shielded from abutting properties. Lighting of the solar photovoltaic installation shall be directed downward and shall incorporate full cut-off fixtures to reduce light pollution.

B. Signage. Signs on large-scale ground-mounted solar photovoltaic installations shall comply with Section 2.8 (sign regulations). A sign consistent with the Town's sign Bylaw shall be required to identify the owner and provide a 24-hour emergency contact phone number.

C. Prevention of Access. All large-scale ground-mounted solar photovoltaic installations shall be constructed to prevent unauthorized access.

D. Utility Connections. Reasonable efforts, as determined by the Planning Board Plan Review Committee, shall be made to place all utility connections from the large-scale ground-mounted solar photovoltaic installation underground, depending on appropriate soil conditions, shape, and topography of the site and any requirements of the utility provider. Electrical transformers for utility interconnections may be above ground if required by the utility provider.

16.4-10 Safety and Environmental Standards

A. Emergency Services. The owner or operator of the large-scale ground-mounted solar photovoltaic installation shall provide a copy of the project summary, electrical schematic, and site plan to the Town's Fire Chief. The owner or operator shall cooperate with local emergency services in developing an emergency response plan. All means of shutting down the solar photovoltaic installation shall be clearly marked. The owner or operator shall identify a responsible person for public inquiries throughout the life of the installation.

B. Land Clearing, Soil Erosion, and Habitat Impacts. Clearing of natural vegetation shall be limited to what is absolutely necessary for the construction, operation, and maintenance of the large-scale ground-mounted solar photovoltaic installation or otherwise prescribed by applicable laws, regulations, and Bylaws.

16.4-11 Monitoring and Maintenance

A. Installation Conditions. The large-scale ground-mounted solar photovoltaic installation owner or operator shall maintain the facility in good condition. Maintenance shall include, but not be limited to, painting, structural repairs, and integrity of security measures. Site access shall be maintained to a level acceptable to the Fire Chief and other emergency services providers. The owner or operator shall be responsible for the cost of maintaining the large-scale ground-mounted solar photovoltaic installation and any access road(s), unless accepted as a public way.

B. Modifications. All material modifications to a large-scale ground-mounted solar photovoltaic installation made after issuance of the required building permit shall require approval by the Planning Board Plan Review Committee.

16.4-12 Abandonment or Decommissioning

A. Removal Requirements. Any large-scale ground-mounted solar photovoltaic installation that has reached the end of its useful life or has been abandoned consistent with Section 16.4-13 below shall be removed. The owner shall physically remove the installation no more than 150 days after the date of discontinued operations. The owner or operator shall notify the Planning Board Plan Review Committee by certified mail of the proposed date of discontinued operations and plans for removal. Decommissioning shall consist of:

1. Physical removal of all large-scale ground-mounted solar photovoltaic installations, structures, equipment, security barriers, and transmission lines from the site;
2. Disposal of all solid and hazardous waste in accordance with local, state, and federal waste disposal regulations; and
3. Stabilization or re-vegetation of the site as necessary to minimize erosion. The Planning Board Plan Review Committee may allow the owner or operator to leave landscaping or designated below-grade foundations in order to minimize erosion and disruption to vegetation.

B. Abandonment. Absent notice of a proposed date of decommissioning or written notice of extenuating circumstances, the large-scale ground-mounted solar photovoltaic installation shall be considered abandoned when it fails to operate for more than one year without the written consent of the Planning Board Plan Review Committee. If the owner of the installation fails to remove the installation in accordance with the requirements of this section within 150 days of abandonment or the proposed date of discontinued operations, the Town may enter the property and physically remove the installation and otherwise complete the decommissioning.

C. Financial Surety. The owner of the large-scale ground-mounted solar photovoltaic installation shall provide a form of surety, through escrow account, bond, or otherwise, to cover the cost of removal in the event the Town must remove the installation and remediate the landscape, in an amount and form determined to be reasonable by the Planning Board Plan Review Committee, but in no event to exceed more than 125 percent of the cost of removal and compliance with the additional requirements set forth in this Section, as determined by the project proponent. Such surety will not be required for Town- or State-owned facilities. At the time the building permit is submitted the project proponent shall submit a fully inclusive estimate of the costs associated with removal, prepared by a professional engineer licensed to practice in Massachusetts. The amount shall include a mechanism for calculating increased removal costs due to inflation and potential regulatory changes.

2.) Add the following definitions to Section 7.1:

AS-OF-RIGHT SITING: As-of-right Siting shall mean that development may proceed without the need for a special permit, variance, amendment, waiver, or other discretionary approval. As-of-right development may be subject to Site Plan Review to determine conformance with the Zoning Bylaw. Projects cannot be prohibited, but can be reasonably regulated by the Planning Board Plan Review Committee.

LARGE-SCALE GROUND-MOUNTED SOLAR PHOTOVOLTAIC INSTALLATION: A solar photovoltaic system that is structurally mounted on the ground and is not roof-mounted,

and has a minimum nameplate capacity of 250 kW DC (where the nameplate capacity is the maximum rated output of electric power production of the photovoltaic system in direct current).

3.) Add the following new Section 2.4-6:

2.4-6 Designated Area for Large-Scale Ground-Mounted Solar Photovoltaic Installations

Within the Designated Area designated in Section 16.3, large-scale ground-mounted solar photovoltaic installations may proceed without the need for a special permit, variance, amendment, waiver, or other discretionary approval, subject to site plan review to determine conformance with local ordinances and this Zoning Bylaw.

4.) Amend the coverage area of the Aquinnah DCPC by changing Section 13.2-1 to read:

SECTION 13.2 BOUNDARY DESCRIPTION

13.2-1 All lands and waters within the corporate bounds of the Town of Aquinnah, except:

A. The Indian Common Lands¹ (generally known as the Cranberry Bogs, the Clay Cliffs and Herring Creek) and Settlement Lands.²

B. The Designated Area for Large-Scale Ground-Mounted Solar Photovoltaic Installations in Section 16.3.
